

If your complaint is about the services or care of your Surgeon or Anaesthetist, then the complaint should be lodged with him or her in the same way as described in this leaflet.

It is important for you and your family/whanau or friends to note that Specialists practice independently and are neither employees nor agents of Bowen Hospital.

We are not responsible for the conduct of these specialists. They are independent practitioners and are responsible to their professional associations and the Medical Council of New Zealand.
